# Kindergarten Readiness 2010

**Dear Parent/Guardian:**

You are invited to join the kindergarten teachers at the **International Academy of Flint** for a summer Kindergarten Readiness program. We are meeting on Tuesdays from 6:00-7:00 P.M. on July 13, 20 & July 27, and August 03, 2010.

Each night, kindergarten teachers will introduce your child to fun mini-lessons. These lessons are a preview of what your child will do during the school year. Also, snacks and giveaways will be provided!

We recommend that you sign-up your child for a kindergarten interview (diagnostic test). It only takes 15 minutes! This is an informal “getting to know you” meeting. It helps teachers to understand the academic and social skill level of the incoming students. Parents may sign-up during the weekly sessions for a time slot.

Also, teachers will meet with parents during the weekly sessions to review the SABIS® curriculum and review strategies for supporting your kindergartener at home throughout the school year.

These services are free to all currently enrolled kindergarten families. Please fill-out and submit the enclosed **registration form to the Lower School office.**

Thank you in advance for your participation!

Sincerely,  
Mrs. Guerra  
Kindergarten Teacher
